

Performance Absence Excuse Form

As is indicated in the Choir Handbook, severe illness or family emergencies will be accepted as an excused absence providing that the director is notified. When possible, please do so *before* the performance. If that is not possible, you must call within **24 hours** of the scheduled performance in order for the absence to be excused. In addition, when the student returns to school, a follow-up written excuse must be presented to the director.

Please note that even though an absence may be excused from the concert, the absence must still be made up since the student will be losing the points assigned to the original performance. Students will be asked to attend another choir performance at a neighboring school district, church, or professional event. Students will be given forms to evaluate these performances, and must write a review of the performance. A list of local schools and phone numbers is available in the choir room and it is the student's responsibility to determine when the concerts are being held and make arrangements to attend.
